@johnmayo Hi John. Lot to be gained from gawking! #niedchat

14-Nov-12 20:38 | dmchugh675

@dmchugh675 #Niedchat Are we talking about using it ourselves (like this) or with students? Or both?

14-Nov-12 20:39 | janeyk419

I think teachers should have a natural curiosity with regards to social media. It's where our students 'live'. #Niedchat

14-Nov-12 20:39 | dmurray742

@amandasalt Hi Amanda...loved your puppet show earlier...as did my little girl. (she's a Dora fan) #niedchat

14-Nov-12 20:39 | dmchugh675

#niedchat Social media is a good way to encourage parents to support school events

14-Nov-12 20:39 | LITTLELADYJAYNE

#Niedchat get teachmeet style presentations into school for all. Show examples and benefits of tech - if they like they will try, if not ...

14-Nov-12 20:39 | aknill

@dmchugh675 #niedchat some poor souls are getting left behind. There's no convincing them of any benefit of twitter etc

14-Nov-12 20:39 | Conmeist

Maybe professional curiosity is a better way of putting that last point. #Niedchat

14-Nov-12 20:39 | dmurray742

@dmchugh675 I don't think all teachers will / should embrace social media! #Niedchat

14-Nov-12 20:40 | AnGaeilgeoir1

@Conmeist Good point. Has Twitter widened the gap between teachers? #niedchat

14-Nov-12 20:40 | dmchugh675

@dmchugh675 @Conmeist I don't think there is one group of teachers. One size won't fit all. #Niedchat

14-Nov-12 20:41 | dmurray742

> meetings to talk about it and share! How many of you can access social media from school? #niedchat

14-Nov-12 20:42 | janeyk419

@amandasalt Funny I do the same too. There's some great ideas out there and I end up 'Tweet to Emailing' them to ppl. #Niedchat

14-Nov-12 20:42 | dmurray742

@dmurray742 @dmchugh675 #niedchat spot on daithi. And there are plenty who just aren't social networkers

14-Nov-12 20:42 | Conneist

#niedchat surely if we are the only ones to use social media is just makes us look better #grenadeno1

14-Nov-12 20:43 | mapsman

#Niedchat It's a way to involve the community and gain new ideas with very little effort and quick feedback.

14-Nov-12 20:43 | LITTLELADYJAYNE

@dmurray742 A lot of teachers are WARY of social media following Union advice!! #Niedchat

14-Nov-12 20:43 | AnGaeilgeoir1

@amandasalt #niedchat Yup - I've done that as well - deliberately sending as obvs from twitter.

14-Nov-12 20:43 | janeyk419

@Conneist @dmchugh675 I would worry about dividing teachers into two groups, those engaging with social media, and those not. #Niedchat

14-Nov-12 20:43 | dmurray742

#Niedchat On a related Qn: how do we persuade all our pupils to engage?!? Some do far more than others, in my experience so far.

14-Nov-12 20:44 | lcgeography

@dmurray742 @dmchugh675 check out <http://t.co/z2o22Stc> if you don't already know it #WIMPStv - right up your street #Niedchat

14-Nov-12 20:44 | Wiseabap

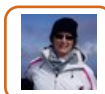

Take learning to where the students are. No man is an island. Learning doesn't happen in a box, so embrace social media #Niedchat

14-Nov-12 20:44 | camaxwell

@AnGaeilgeoir1 Yes, and rightly so. It is something that you should be cautious with. Takes a lot of getting used to. #Niedchat

14-Nov-12 20:44 | dmurray742

@dmurray742 Do school management need to lead in the use of social media to encourage take up by teachers? #Niedchat

14-Nov-12 20:44 | medv2

@dmurray742 @dmchugh675 @conneist #niedchat quite - we are not stepford teachers - individuality is vital

14-Nov-12 20:44 | aknill

@amandasalt #niedchat Same here. I am trying to spread the word slowly and asked to take a CPD session soon!

14-Nov-12 20:44 | mapsman

@dmurray742 Tentative steps will allow staff to test the water. The ability to make your account 'private' will assist them. #Niedchat

14-Nov-12 20:46 | AnGaeilgeoir1

@dmurray742 @dmchugh675 we are keen to find teachers to try out our amazing new campaigns functionality - with our help #Niedchat #WIMPStv

14-Nov-12 20:46 | Wiseabap

@lcgeography #niedchat nearly asked the same - i have 50% of my students in Yr 14 on twitter and the rest struggling to find the interest

14-Nov-12 20:46 | mapsman

@mapsman @amandasalt Did one a month ago. Great fun. Most of the 90 mins was just discussing social media with cautious colleagues #Niedchat

14-Nov-12 20:46 | dmurray742

Tweetdeck issues folks!!!! #niedchat

14-Nov-12 20:46 | dmchugh675

@amandasalt I think @edmodo is a classroom game changer as it apes Facebook and *just works* #Niedchat

14-Nov-12 20:47 | dmurray742

@AnGaeilgeoir1 @dmurray742 plus i recently convinced them to try #classdojo #niedchat

14-Nov-12 20:47 | he4therw4t5on

#niedchat hi popped in at half time. It is easy for any t to be overwhelmed by tech. I target only 1 major new area each year in action plan.

14-Nov-12 20:47 | richmulcahy

@dmurray742 That's important Daithi - the why, even more so than the how, most associate with just social chitchat #Niedchat

14-Nov-12 20:47 | medv2

@AnGaeilgeoir1 Problem with private accts is it's hard to follow back and tweet. I prefer to tell staff to follow #tags initially #Niedchat

14-Nov-12 20:48 | dmurray742

@dmurray742 #Niedchat But if SLT are the least likely then you need to go round them!! Shared enthusiasms work! More likely to get others >

14-Nov-12 20:48 | janeyk419

@richmulcahy I like that idea. Edmodo working well in our school since I decided to concentrate on it above all other tools. #niedchat

14-Nov-12 20:49 | dmchugh675

@medv2 That's what surprised (and pleased) me most about session. Had been expecting to a big 'how-to' session. Discussion better. #Niedchat

14-Nov-12 20:49 | dmurray742

#niedchat last years one was animation and movie maker. this year is scratch. idea is to build up staff skill a step at a time.

14-Nov-12 20:49 | richmulcahy

@mapsman How do you ensure the non-Tweeters get access to the twitter info? #niedchat I have my twitter feed display on dept website homepg

14-Nov-12 20:49 | lcgeography

#Niedchat I have used FB to create a group for my BT to share good practice and provide support using a media they are familiar with

14-Nov-12 20:50 | LITTLELADYJAYNE

Find a problem that needs solved and choose a web tool that will do the job. Tchrs need to see quick benefits. #niedchat

14-Nov-12 20:50 | dmchugh675

@lcgeography Will Twitter reader & tweeter be useful - will be released as part of MySchool #niedchat

14-Nov-12 20:50 | medv2

#niedchat Last school I taught in @stgeralds use Twitter a fair bit in diff subjects but Tech literacy among staff uneven

14-Nov-12 20:50 | johnmayo

@aknill We use it a lot of that sort of stuff. Live tweeting from matches. #naomhpolabu #Niedchat

14-Nov-12 20:50 | dmurray742

@medv2 @lcgeography Only useful if students have access. Are we brave enough? #niedchat

14-Nov-12 20:51 | dmchugh675

@aknill We have a dept Acc @IrishAbbeyCBS for careers advice and Gaeltacht information. #Niedchat

14-Nov-12 20:51 | AnGaeilgeoir1

@AnGaeilgeoir1 Yip I think you're right. Also the dichotomy between personal account and professional/teacher account helps. #Niedchat

14-Nov-12 20:51 | dmurray742

@dmchugh675 you as the 'Tweeter' will be able to decided what u r releasing for reading e.g. school twitter a/c #niedchat

14-Nov-12 20:52 | dmurray742

14-Nov-12 20:52 | aknill

14-Nov-12 20:52 | bellaale

@dmurray742 #niedchat free is always a draw

14-Nov-12 20:56 | aknill

@Conneist "Digital Leaders" is where pupils take the lead. I was trying to get staff to engage this way but tchrs are 'time poor'. #niedchat

14-Nov-12 20:56 | dmchugh675

14-Nov-12 21:00 | AnGaeilgeoir1

@dmchugh675 I've heard of Digital Leaders in the US, but not here. @pedagoo is helping spread good practice in Scotland #niedchat

Yet (unsurprisingly) they never followed through. Hard to understand why we have big £ contracts w/ companies 4 proprietary software #Niedchat

14-Nov-12 21:04 | dmurray742

@dmchugh675 Using an MP3 USB recorder to speed up marking. Record commentary and email back to student. #quicker #techworks #Nledchat

14-Nov-12 21:06 | dmurray742

@AnGaeilgeoir1 @dmchugh675 lol no point in half measures. Seriously though a great incentive to use tech would be to allow ... #niedchat

14-Nov-12 21:06 | stiofanoc

@lcgeography @dmurray742 @AnGaeilgeoir1 yes i noticed you do that. Its a great way of showing kids your learning too #niedchat

14-Nov-12 21:06 | he4therw4t5on

@AnGaeilgeoir1 Dessie, you know - if i ruled the world..... I agree wholeheartedly but for some #Nledchat 1/2

14-Nov-12 21:06 | medv2

@AnGaeilgeoir1 2/2 all the time in the world will not make them engage with social media - other issues #Nledchat

14-Nov-12 21:06 | medv2

@AnGaeilgeoir1 @dmchugh675 teachers who use tech and evidence its use to 'miss' INSET sessions - they're putting it in anyhow #niedchat

14-Nov-12 21:08 | dmchugh675

14-Nov-12 21:08 | AnGaeilgeoir1

@AnGaeilgeoir1 @medv2 Analogy with other contexts: innovators develop solutions; first adopters use & fine-tune; connectors spread #Niedchat

@dmurray742 Oh...I haven't used small groups much. Online collab task? #niedchat

14-Nov-12 21:12 | dmchugh675

@dmchugh675 @lcgeography Well yes, instead of annotating their work (which is hard online) -they listen to ur commentary and fix. #Niedchat

14-Nov-12 21:12 | dmurray742

@stiofanoc We survey our KS3 pupils every year and request suggestions on areas of improv. Every year they want more ICT learning #Niedchat

14-Nov-12 21:12 | AnGaeilgeoir1

@AnGaeilgeoir1 @dmurray - on a + note, loads a PSs signing up for w/shops for UICT accred - oversubscribed - gotta be good? #Niedchat

Showcase online tools to students instead of tchrs. They will put pressure on tchrs to use them or just use them anyway. #Niedchat

14-Nov-12 21:14 | dmchugh675

From 1 of my pupils: Twitter is excellent as teaching tool, greatly encourages ind learning & further study- highly recommended #Niedchat"

14-Nov-12 21:15 | lcgeography

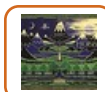

@dmchugh675 Found that with Voicethread kids loved it and suggested activities so it was used more often. #niedchat

14-Nov-12 21:17 | PeadarHynes

@LITTLELADYJAYNE I'm forever evangelising with my classes and I tell them to use teh "I know a better way" line in other classes #niedchat

@dmurray742 Anything that requires a log in can put some people off....seriously! #niedchat

14-Nov-12 21:19 | dmchugh675

@dmchugh675 Tell me about it! Low barrier of access is my thing at the moment. Ironically @edmodo seems to buck that trend. #Niedchat

14-Nov-12 21:19 | dmurray742

@tgeducation @medv2 @AnGaeilgeoir1 sorry i see what you mean. Seriously distracted here with more birthday cake...#niedchat

14-Nov-12 21:20 | dmurray742

RT @damianhunter I remember a guy from CCEA saying he used web cam for feedback to pupils for Key Skills, and emailed it to them. #Niedchat

14-Nov-12 21:20 | dmurray742

@dmchugh675 @dmurray742 That's why I encourage Voicethread one log in multiple identities makes them feel in control #niedchat

14-Nov-12 21:20 | LITTLELADYJAYNE

@medv2 So, how would we develop a process like this for teachers? #Niedchat

14-Nov-12 21:20 | tgeducation

@tgeducation @medv2 Either way time is needed for connectors to work and to disseminate good practice #Niedchat

14-Nov-12 21:22 | AnGaeilgeoir1

@dmurray742 @he4therw4t5on @medv2 @AnGaeilgeoir1 And if so, how do we all get some cake? #Niedchat

@tgeducation don't agree, there are opportunities for bottoms up approach, just not always good at implementing #Niedchat

14-Nov-12 21:28 | medv2

@tgeducation @medv2 I'm convinced 'bottom-up' is the only way to 'force' change. People leading each other, not waiting to be led. #Niedchat

14-Nov-12 21:28 | dmurray742
